Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

DEADPOOL

Recently, Wade decided to do something good with his life, so he's traveling the country trying to learn how to be a hero.

After stopping for a well-earned burrito and killing an arms-dealing terrorist, Wade finds himself the newest member of the Secret Avengers along with Steve Rogers, Black Widow, and Moon Knight. But Deadpool's penchant for blowing up large explosives and numerous Top Gun references have affected team chemistry for the worse, especially between him and Steve. However, unbeknownst to Deadpool the team is not actually the Secret Avengers, but imperfect genetic clones created by the evil genius Dr. Bong, who is using them to steal weapons of mass destruction that he is then selling on the black market. When the actual Secret Avengers finally show up, the real Steve Rogers thinks that Deadpool is in on Bong's plan and starts beating the hell out of him. Deadpool, mistaking the real Steve for the fake Steve and thinking that he and Steve are friends, doesn't retaliate at first and instead takes the punishment. But once he realizes that Steve is ignoring his pleas, Deadpool feels betrayed by his "friend" and slashes the real Steve across the chest with his sword. The two walking weapons then engage in a brutal battle, neither one able to gain the upper hand. Before Steve and Deadpool can sort it all out, Dr. Bong sets off an explosion, destroying the entire building and seemingly them with it...
